The fire which destroyed the immense Swamp Root medicine plant of Dr. Kilmer & Co., July 1, was the most disastrous which has ever occurred in Birmingham. However, the Kilmers resumed business next morning, though not at the old stand, which is a heap of smouldering ashes. While the firemen were yet pouring water on the burning Chenango street establishment, the Kilmers were arranging to do business somewhere else.

That this great industry might not be crippled for a moment, through the courtesy of other prominent firms and citizens, the large factory and adjoining buildings on South street were vacated for the benefit of the Swamp Root people, and possession was taken immediately, and here, by Monday, July 8, this new, temporary factory will be turning out Swamp Root, the great Kidney Remedy, in quantities of about 60,000 bottles per day, and in two or three weeks time the full capacity of more than four times that amount will be produced. The immense demand for Swamp Root will thus in no way be interfered with.

On the old site, with adjoining property which has just been purchased, will be erected immediately an absolutely fireproof six-story structure, plans for which have been nearly completed.

For burns, injuries, piles and skin diseases use DeWitt's Witch Hazel Salve. It is the original. Counterfeits may be offered. Use only DeWitt's.—L. Henley.

### Questions Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and oad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by Leonard Henley.

It is supposed that the Board of Supervisors of York have arranged, or will arrange, to pay expenses of same.

### \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

### The Best Remedy for Stomach and Bowel Troubles.

"I have been in the drug business for twenty years and have sold most all of the proprietary medicines of any note. Among the entire list I have never found anything to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach and bowel troubles," says O. W. Wakefield, of Columbus, Ga. "This remedy cured two severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers to their entire satisfaction. It affords a quick and sure cure in a pleasant form." For sale by L. Henley.

### Other Names Added.

MR. EDITOR: Recently I received a letter from Col. J. V. Bidgood, of Richmond, Va., calling my attention to some omissions in connection with the report I made of the Williamsburg Junior Guards, known as Company "C," 32d Virginia Regiment, which you kindly published. (The late Octavius Coke was Captain.) To the list of membership I furnished the following should be added: Thos. Mercer, Wm. H. Pierce, John Pierce, John Dix, J. V. Bidgood, sergeant major; Dr. Pettit, adjutant; J. T. Parham; Dr. L. Henley, orderly sergeant.

Will some member of the company furnish the names of the first, second and third sergeants? The roll should be perfected, that the requirement of the legislature be complied with.

The law holds both maker and circulator of a counterfeit equally guilty. The dealer who sells you a dangerous counterfeit of DeWitt's Witch Hazel Salve risks your life to make a little larger profit. You can not trust him. DeWitt's is the only genuine and original Witch Hazel Salve, a well known cure for piles and all skin diseases. See that your dealer gives you DeWitt's Salve.—L. Henley.

### A Brave Act.

Mr. Hugh Mercer, son of Hon. Jno. L. Mercer, assisted in the rescue of three ladies at Virginia Beach one day last week. The ladies were in bathing when they got beyond their depth. Mr. Mercer dashed into the water and helped save their lives. Before the reporters could get his name he modestly left for Norfolk, and it was some time before the identity of the young man could be established.

After many intricate experiments, scientists have discovered methods for obtaining all the natural digestants. These have been combined in the proportion found in the human body and united with substances that build up the digestive organs, making a compound called Kodol Dyspepsia Cure. It digests what you eat and allows all dyspepsias to eat plenty of nourishing food while the stomach trouble is being radically cured by the medicinal agents it contains. It is pleasant to take and will give quick relief.—L. Henley.

## Farm Notes.

Mr. H. B. Cowles says that he sold \$150 worth of the Early Harvest variety of apples. The trees netted \$3 each. That shows what there is in apples.

Mr. Waltrip averaged twenty-five bushels of wheat to the acre on St. George's, a farm on James river. All reports from wheat crops in this section are very flattering.

Windsor Shades (Boulevard), the 5,000 acre plantation of Mr. L. F. Barner, looks very flourishing despite the long dry spell. Corn, potatoes and melons look well, but the dry weather killed out his young grass. On a 100-acre field he averaged about 21 bushels of wheat to the acre, a fair yield.

The heirs at law of the late W. B. Vaiden sold the homestead last week to Iver Hanson, of Minnesota, for \$3,000. This place a few years ago was offered at \$2,500.

Mr. A. S. Cowles sold a portion of "Amblers," on the James, for \$50 per acre.

Watermelons, so far as we have seen, are not as good as last year, owing no doubt to the long dry spell, which bordered on a drought. The fine rains of this week and last will improve the quality and increase the quantity. Prices are good so far.

### Gone for Topeka Joe.

Chief-of-Police McLaughlin, of Portland, Ore., telegraphed to Sheriff Harrell that he had arrested Joseph B. Evans, alias James Rappley, alias "Topeka Joe," and was holding him for the Williamsburg authorities, on suspicion of being one of the men who on May 24 robbed the Peninsula Bank of nearly \$5,000 in cash and \$2,500 worth of jewelry, etc.

Special officer Chas. W. St. Claire was sent after the man, with requisition papers, which had been procured by Commonwealth's Attorney Armistead. The officer will probably be here with the man about the middle of next week.

"Topeka Joe" is a notorious bank robber. Officer St. Claire will have his hands full, and had he not been a trustworthy man he would not have been selected to bring so dangerous a criminal. Mr. St. Claire went after the same man, who was then in Connecticut, but as the detectives did not see fit to make the arrest, of course he did not get him.

The expenses of extradition are borne by the Fidelity and Casualty Co., of New York, which company paid the Peninsula Bank \$5,000 insurance. It is said that "Topeka Joe" will not be kept in the city jail, but will be confined in the Hampton or the Newport News prison.

## SCROFULA

thin blood, weak lungs and paleness. You have them in hot weather as well as in cold. SCOTT'S EMULSION cures them in summer as in winter. It is creamy looking and pleasant tasting.

### Young Women

The entry into womanhood is a critical time for a girl. Little menstrual disorders started at that time soon grow into fatal complications. That female troubles are killing graveyards proves this. Wine of Cardui establishes a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Many women, young and old, owe their lives to Wine of Cardui. There is nothing like it to give women freedom from pain and to fit young women for every duty of life. \$1.00 bottles at druggists.

Miss Della M. Strayer, Tully, Ky.: "I have suffered untold pain at menstrual periods for a long time, was nervous, had no appetite, and lost interest in everything, in fact was miserable. I have taken four bottles of Wine of Cardui, with Thedford's Black-Draught, when needed, and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me."

The Best Prescription Is Grove's Tasteless Chill Tonic.

The Formula Is Plainly Printed on Every Bottle, So That the People May Know Just What They Are Taking.

Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the Original and that all other so-called "Tasteless" chill tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's—its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of the United States. No Cure, No Pay. Price, 50c
